Powered by a 355 hp mild-hybrid inline-six, the P360 S delivers a smooth, torque-rich performance that propels the SUV to 100 km/h in exactly 6.0 seconds. For the 2026 model year, the Canadian-spec "S" trim remains a technology powerhouse, featuring the massive 13.1-inch curved glass Pivi Pro interface and a standard 15-speaker Meridian™ Sound System. Despite its positioning as the starting trim, it comes standard with high-performance hardware including Dynamic Air Suspension and Terrain Response® 2, ensuring it can dominate a twisty canyon road as easily as it navigates a deep Canadian snowdrift. With its reductive exterior design, flush door handles, and a robust 7,716 lb towing capacity, the 2026 Range Rover Sport P360 S is a versatile performance sanctuary designed for the modern enthusiast.
